## STATEMENT OF THE PRESIDENT OF THE SENATE

Since Colonial Days the Arts have found a home in Massachusetts. Our State's rich history includes a long tradition of support and participation to the Performing and Visual Arts.

From the days of Gilbert Stuart to those of Arthur Fiedler, the Nation has looked to Massachusetts for cultural and artistic leadership.

In 1979 the General Court enacted the Nation's first Arts Lottery. The Lottery provides an active ongoing program whereby all citizens may contribute in an innovative way to the Arts.

This Arts Facilities Guidebook demonstrates the many varied aspects of our State's cultural attraction — a tradition which is as vibrant today as it was centuries ago.

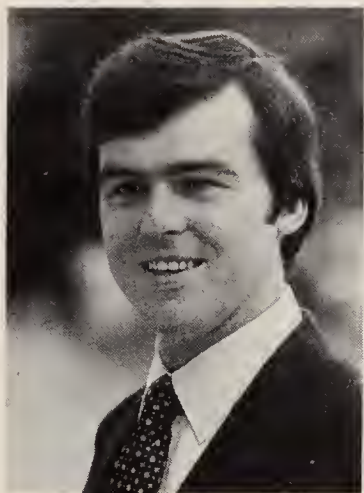

I sincerely hope that this publication will assist everyone to enjoy the Arts in Massachusetts.

Senator William Bulger  
Senate President

MESSAGE FROM THE  
VICE CHAIRMAN

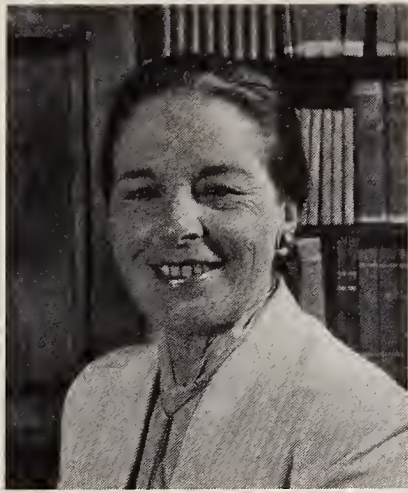

This book, prepared by the Special Commission on the Performing and Visual Arts, is a guide for performers and artists to the facilities available to them throughout Massachusetts.

We look forward to working closely with the Massachusetts Council on the Arts and Humanities, the Cultural Educational Collaborative, and all the leaders in arts and education, in fostering the Commonwealth's rich traditions in the arts and education.

Representative James Collins  
Vice Chairman

Special Commission on the Performing and Visual Arts

Hello to all the citizens of Massachusetts from the Special Commission on the Arts

I want to take this opportunity to pay special tribute to those dedicated, hard working people whose talent, energy and unwavering support of the arts continue to enhance our great cultural heritage.

Because of them the arts are indeed alive, well and flourishing across the Commonwealth.

The Special Commission on the Arts was created by the Massachusetts legislature by Chapter 63 of the Resolves of 1973, and it was revived and continued to 1984 by Chapter 13 of the Resolves of 1979.

The major accomplishment of the Special Commission on the Arts was the enactment of the first Arts Lottery in the United States.

Among the outstanding group of legislators who served on the commission since 1973 were Senate President William M. Bulger, Representative Michael Paul Feeney, Auditor John J. Finnegan, Chairman of the Senate Committee on Ways and Means Chester G. Atkins, Representative Arthur Desrocher, and present Vice-Chairman Representative James G. Collins of the Committee on Education.

**COMMISSION MEMBERS:** Joseph E. Hill, Don Law, William J. McCarthy

**COMMISSION STAFF:** Jacqueline D. O'Reilly, Director; Ruth E. Nelson; Eleanora F. Golden; Amelia Yoffe; Francis M. McGee, Jr.

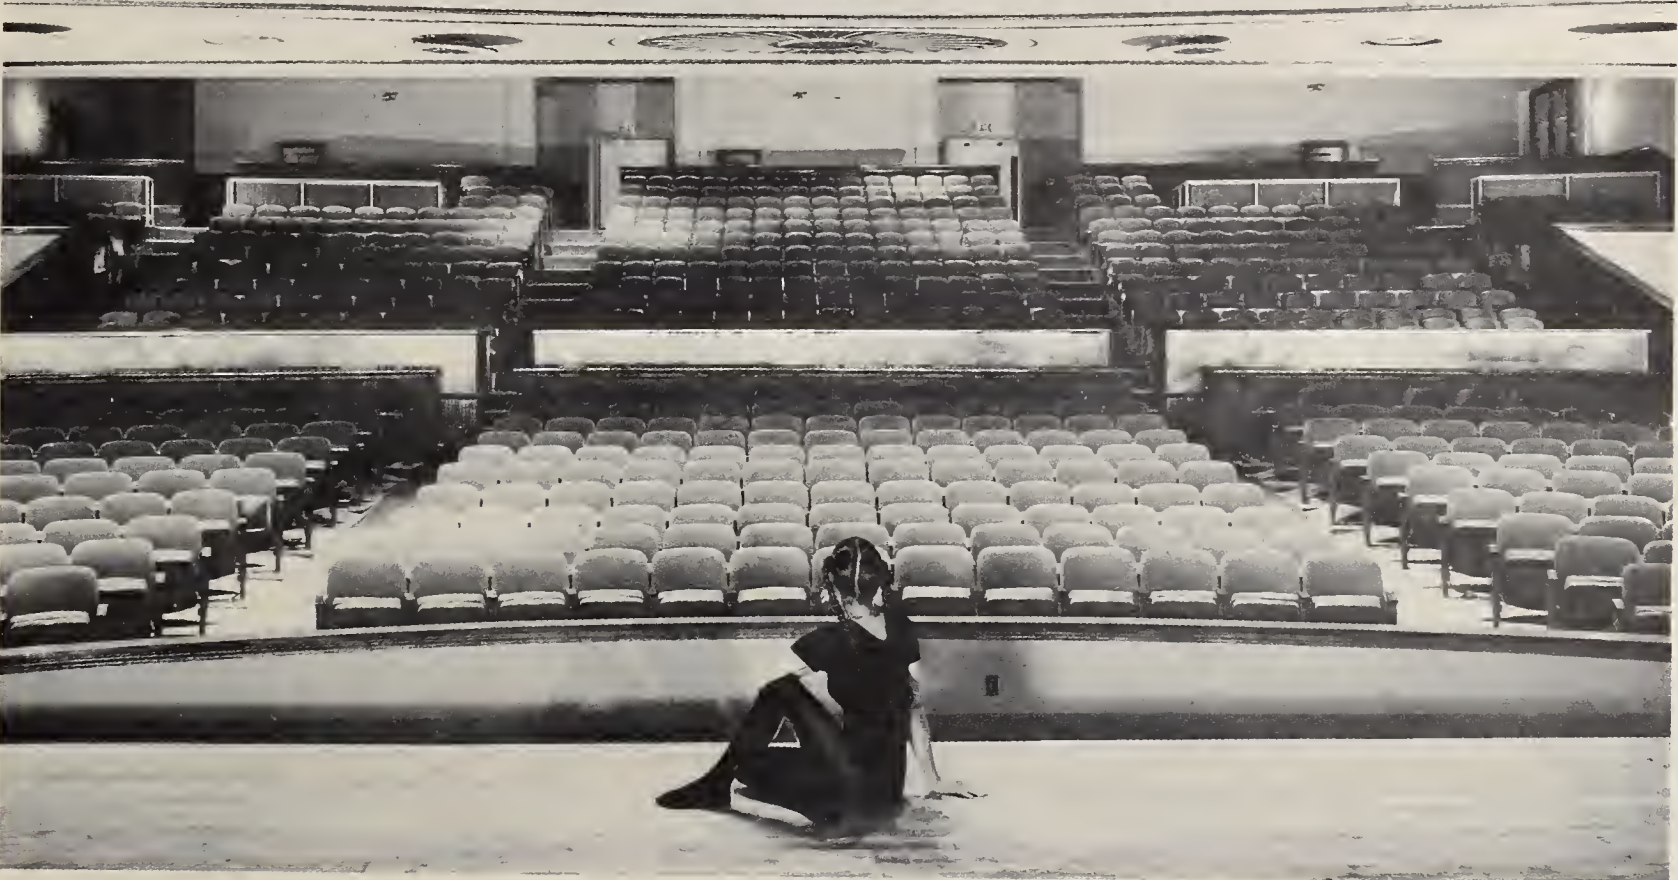

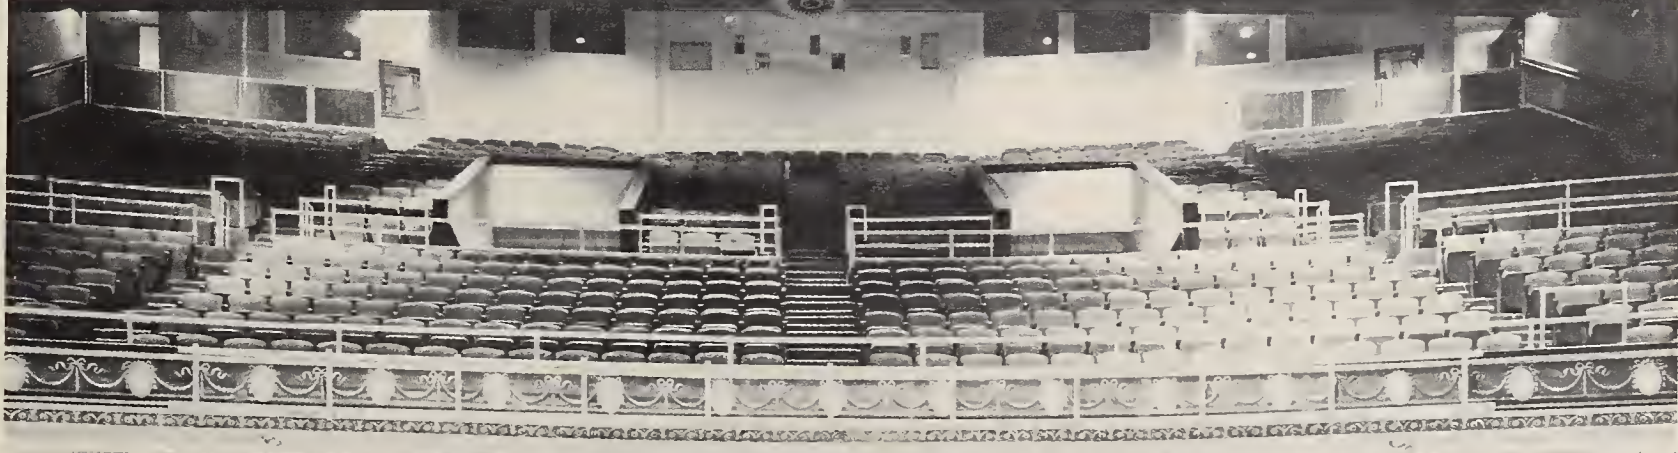

*I think continually of those who were truly great —  
The names of those who in their lives fought for life,  
Who wore at their hearts the fire's center  
Born of the sun they traveled a short while towards the sun,  
And left the vivid air signed with their honor.*

*But the artist appeals to that part of our being which is not dependent on  
wisdom; to that in us which is a gift and not an acquisition — and  
therefore, more permanently enduring.  
He speaks to our capacity for delight and wonder, to the sense of mystery  
surrounding our lives: to our sense of pity,  
and beauty, and pain.*
